On-Site Waste Disposal Facility Supplier Outreach Workshop

PREPARING THE FUTURE
PORTS
D&D PROJECT

Overview

Join us for a full day of learning about the construction of the On-Site Waste Disposal Facility at the PORTS D&D Project. You will learn from those with direct responsibility for the management, construction, engineering, procurement, quality and safety during construction.

Get ahead of the curve by attending this workshop and learning about upcoming procurements along with the quality & safety requirements and expectations for the project.

What a great opportunity to spend the day with the OSWDF project team, network with other suppliers, and learn about the business opportunities this project could bring you. Make this workshop a part of your 2018 Business Development Plan.

Register at www.fbportsmouth.com See you in April.
