Subject: Expression Of Interest – Skid Mounted Mechanical Components for Treatment of Waste Water at the Portsmouth Gaseous Diffusion Plant in Piketon, Ohio.

Fluor B&W Portsmouth LLC anticipates the need for a fabricated skid mounted mechanical components for treatment of wastewater, including but not limited multi-media filtrations, granular activated carbon and ion exchange treatment. The components will be delivered to the Department of Energy at the Portsmouth Gaseous Diffusion Plant located in Piketon Ohio.

Background

An On-Site Waste Disposal Facility (OSWDF) is being built for waste disposition of low level radiation and TSCA wastes within the boundaries of the U.S. Department of Energy (DOE) under Gaseous Diffusion Plant Decontamination and Decommissioning (GDP D & D) Project Piketon, Ohio. The GDP is an approximately 3777-acre facility located in southern Ohio approximately 25 miles north of Portsmouth, Ohio. The GDP site is undergoing remediation pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). Fluor-BWXT Portsmouth LLC (FBP) is the DOE's prime contractor performing this remediation.

Should your firm have any interest on bidding on this project please contact Jim Reuter, Contract Administrator at 740-897-2782 or by email at [jim.reuter@ports.pppo.gov](mailto:jim.reuter@ports.pppo.gov). or Rich Knauff Contract Administrator at 740-897-2256 or by email [richard.knauff@ports.pppo.gov](mailto:richard.knauff@ports.pppo.gov).
