

OUR SITE. OUR FUTURE.

STAY INFORMED

DOE seeks to understand and reflect the community's concerns and desires in the decisions for cleanup of the Gaseous Diffusion Plant. There are several ways you can become informed and engaged in the cleanup project:

- **Attend** quarterly public meetings to stay informed on progress and upcoming decisions;
- **Sign up** for our mailing list to receive our topical facts sheets and newsletters;
- **Visit** our interactive website for up to date information on the cleanup project - www.fbportsmouth.com;
- **Participate** in the Portsmouth Site Specific Advisory Board Meetings held at 6:00 pm on the first Thursday of every month at the OSU Endeavor Center, 1862 Shyville Road, Piketon, OH 45661 - www.ports-ssab.energy.gov;
- **Read** cleanup documents at the U.S. DOE Environmental Information Center located at 1862 Shyville Road, Room 207, Piketon, Ohio 45661. You may contact the EIC at (740) 289-8898 or e-mail: eic@wems-llc.com;
- **Share** questions or concerns with your Envoy. Employee Envoys engage public groups and organizations throughout the four-county region;
- **Comment** on cleanup documents during official public comment periods. Notifications of such comment periods are issued periodically. To be notified, ensure that you are on our mailing list; and
- **Email** us at questions@fbports.com or call us at 888.603.7722 any time with questions or concerns.

Fluor-B&W Townhall Meeting, Jackson, Ohio (Fall 2010)

DOE Site Director Vince Adams addresses area mayors regarding the site cleanup (Summer 2011).

OUR SITE. OUR FUTURE.

COMMUNITY COMMITMENT

Fluor-B&W Portsmouth believes in providing support to the communities in which our employees live and work. Our commitment extends to four targeted areas: educational outreach, charitable giving, regional purchasing and economic development.

Fluor B&W is investing 5% of its fee in the four-county region. Of that investment 80% is being applied towards economic stabilization and growth of the four counties around the site, and 20% is targeted to other initiatives that provide the greatest impact to the region.

As part of its commitment to economic development, Fluor-B&W has hired experienced economic development consultants to conduct a Regional Planning Process for the four-county region as illustrated in the figure below. This process is designed to assist the communities in creating jobs for the four-county area.

Figure (left) - This flow diagram explains the strategic planning process and implementation for Fluor-B&W's Regional Economic Development Strategic Plan for the four-county region surrounding the Piketon site.

Job Opportunities

During cleanup efforts, there will be opportunities for employment with Fluor-B&W for degreed and non-degreed persons. Open positions are posted on the Fluor-B&W Portsmouth website at www.fb-portsmouth.com and at county one-stop workforce development centers.
